Fields Corporation (Head office: Shibuya-ku, Tokyo; President and CEO: Hidetoshi Yamamoto) announces nationwide release of Olympia Co., Ltd.’s first GOLD OLYMPIA-branded pachinko machine—“CR PROJECT MINERVA.”

The new pachinko machine adopts “PROJECT MINERVA” game software, which was released by D3 Inc., a subsidiary of Fields. Exciting fight scenes are enhanced by a powerful 3-D, CG-enhanced presentation, in which a SWAT-style military unit headed by the protagonist Alicia, who is played by the popular Japanese actress Norika Fujiwara, boldly attacks the evil mega-corporation MINERVA to prevent its conspiracy. The machine lets pachinko game players fully experience emotions based on survival instincts, just like participating in a real fight.

Featuring the charm of Norika Fujiwara, the new “CR PROJECT MINERVA” pachinko machine will have wide appeal among game fans, as well as pachinko enthusiasts.

“CR PROJECT MINERVA” is scheduled for delivery in late March 2007 to pachinko halls throughout Japan.

The release of this machine has been incorporated into the Fields Corporation business plan for the fiscal year ending March 2007.
