Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of the new pachinko machine from Sammy Corporation, "CR Sakura Taisen."

This machine employs contents from the popular game software series, "Sakura Taisen" (*Sakura Wars*), from SEGA CORPORATION. This game establishes itself in the creative genre of dramatic adventure and has expanded not just to game software, but also to a variety of media such as stage drama and TV anime, becoming extremely popular.

We have recreated the spectacular actions of the navy ensign and six young maidens who belong to the Imperial Flower Combat Troop, formed to defend the Imperial Capital of Tokyo. In addition to numerous streaming movies and character advantage visuals which develop from the diverse preliminary action, the presentation is packed with a variety of visual modes such as the *Koubu* mode, based on the weapon of the same name carried by the members of the Flower Combat Troop, which represents the battles with the demons. Players can fully enjoy the dramatic characters, world and combat of the original.

Devoted to Sakura Taisen fans, this machine is not only for pachinko enthusiasts but a wide range of game and anime fans.

The CR Sakura Taisen pachinko machine is scheduled for delivery in September 2007 to pachinko halls throughout Japan.
