Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of the new pachinko machine from Bisty Co., Ltd., "CR Tomb Raider."

The new machine features content from the Tomb Raider action video game software that has sold some 30 million copies in total since being released in 1996 and was turned into the Tomb Raider films in 2001 and 2003.

The machine recreates the tough but beautiful struggle of the treasure hunter Lara Croft—played in the movies by the talented Hollywood star Angelica Jolie—who is searching for a new hidden treasure.

Players can enjoy the sense of adventure and thrill of treasure hunting through the impressive, movie-like showdown scenes.

This latest machine, which features the famous heroine who has taken the world by storm, can be enjoyed by a wide range of people, including not only pachinko enthusiasts but also video game and movie fans.

CR Tomb Raider is scheduled for delivery in December 2007 to pachinko halls throughout Japan.
