Notification of the Impact on Earnings Concerning the Earthquake in Eastern Japan, etc

We offer our deepest sympathies to the people affected by the earthquake and tsunami that struck Eastern Japan on Friday, March 11, 2011.

Due to the impact of the earthquake in Eastern Japan and to the scheduled blackouts, we are postponing the product delivery date of part of the orders regarding pachislot machine “Evangelion—for your own wish” to the next fiscal year, to respond to demands from pachinko halls.

Meanwhile, the business performance for the year ending March 31, 2011 has been progressing on a level higher than our projection and the current forecast will be achieved despite this change in delivery date.

No revisions will therefore be made to the forecast for the year ending March 31, 2011

The above forecast relies on judgments and assumptions based on information available as of the date of announcement of this material, and is subject to changes in risks, uncertainties, and economy, and other factors that could cause actual results to be materially different from expectations.
