Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of the new pachislot machine from Rodeo Co., Ltd., "**Kaze no Youjinbou—Memory of Butterflies.**"

The first generation of Kaze no Youjinbou released in 2003 won the support of many passionate pachislot fans with its unique system from Rodeo. "Kaze no Youjinbou—Memory of Butterflies," the 4th title of Rodeo's 10th anniversary series, maintains the appeal of the first machine while taking a major stride in advancing the series.

The new machine upgrades "KAZE Chance," a popular feature in the previous title, into the cutting-edge Assist Replay Time (ART) system, and achieves fast-paced, edge-of-your-seat game features with rich cinematics inspired by the anime's unique universe. Players will be able to enjoy the relentless feeling of expectation created by game features and story lines built around the keyword "continuity."

This exhilarating machine is not only for pachislot enthusiasts, but a wide range of people.

"Kaze no Youjinbou—Memory of Butterflies" pachislot machine is scheduled for delivery in August 2011 to pachinko halls throughout Japan.
