Launch of Bisty's New Pachislot Machine "EVANGELION" The First Machine in the Series Equipped with the "ART" System

Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of the new pachislot machine from Bisty Co., Ltd., "EVANGELION."

Evangelion expanding to a wide range of media

EVANGELION: 3.0 YOU CAN (NOT) REDO, the third theatrical release in the Rebuild of Evangelion series, was released in November 2012. It has become a record setting hit that has surpassed the second movie, and is currently enjoying a long theatrical run and high praise. This popular series has been rapidly expanded to a wide range of media through planned collaborations, and continues gaining new fans.

("REBUILD OF EVANGELION" theater information: <http://www.evangelion.co.jp>)

Depiction of the world of Evangelion and gameplay

1) Bonuses and the Assist Replay Time (ART) system

This machine is the first in the Evangelion series to be equipped with "bonuses and the ART system." It is a brand-new depiction of Evangelion, as well as a new breed of pachislot machine.

2) "Awakening"

This pachislot machine uses an exclusive machine body to depict the world of Evangelion. An extra feature of the machine is triggered when the ART system is "awakened," which causes the "awakening" of the machine body itself (below photograph). This contrast creates a play environment which has never before existed.

3) Deeper gameplay

In addition, a brand-new lottery system has been introduced to this machine. In addition to the easy play that has been a unique feature since past machines, the "EVANGELION" pachislot machine offers an enjoyable new gameplay element for players with strongly inquisitive natures.

"EVANGELION" pachislot machine is scheduled for delivery in February 2013 to pachinko halls throughout Japan.
