Launch of “New-century Pachinko BERSERK,”
the New Pachinko Machine from “OK!!”

Fields Corporation (Head office: Shibuya-ku, Tokyo; President and COO: Takashi Oya) announces the nationwide release of a new pachinko machine, from OK Co., Ltd., “New-century Pachinko BERSERK.”

BERSERK (written by Kentaro Miura and published by Hakusensha) is a renowned dark fantasy comic series enjoying a circulation of over 35 million copies worldwide since being first serialized in 1989. To boost the series’ fan base, a trilogy of animated films were released in theaters nationwide starting February 2012 which were planned and produced by a Fields Corporation group company.

This machine faithfully recreates the world of BERSERK through its “Two Heroes Battle System” which depicts the perspectives of two leading characters: the heroic leader of a band of mercenary soldiers, and a lone wolf.

This machine is not only aimed at pachinko enthusiasts, but also a wide range of people including fans of comic and film.

The “New-century Pachinko BERSERK” machine is scheduled for delivery in August 2013 to pachinko halls throughout Japan.
