Recording method of net sales for PS sales

Effective on April 2021, the Company adopted the "Accounting Standard for Revenue Recognition" (ASBJ Statement No. 29, March 31, 2020). As a result, transactions* in which our group is the "sole distributor" are accounted for as follows regardless of the sales method (distributor/agency sales).

Net sales:

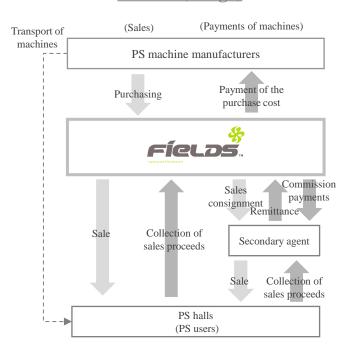

Record the price of PS machines that we sell to pachinko halls (criterion for recording sales: at the time of shipment of the PS machines)

Cost of sales:

Record purchase price of PS machines from manufacturers (also record agency commissions when selling through agencies)

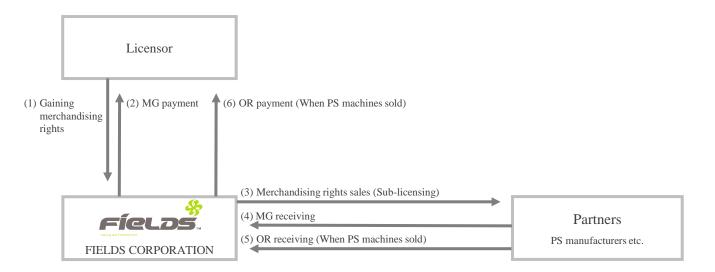

*We have a contract that stipulates that we will exclusively sell PS machines.

Price of PS machine collection method (image)

Business flow of merchandising rights in products planning and development for which our group is the sole distributer

*Profits and losses related to the license is recorded when the PS machine is sold.

(2) (4) MG (Minimum Guarantee): Minimum guarantee fee paid by the licensee to the licensor when concluding a license business contract (5) (6) OR (Over Royalty): Type of royalty paid as reward when the usage of rights authorized for use, such as copyrights and industrial property rights, exceeds a certain level, and whose amount fluctuates according to the usage of such rights

1. Basic policy

Our group's mission is to realize *The Greatest Leisure for All People*, a corporate philosophy shared by the group. As society matures, the importance of leisure time in people's lives is increasing. Our Group believes that pursuing the ways in which people seek entertainment and leisure and enhancing leisure through the provision of new merchandise and services will enrich people's live, in turn, lead to the happiness of society as a whole.

At the same time, social issues such as climate change and regional issues are emerging as a result of social and environmental changes. There are also social issues that may arise in connection with our group-wide operations, such as emissions of greenhouse gases associated with the distribution and manufacturing of PS business. We recognize that responding to these social issues is essential for us to grow our business in a sustainable manner and deliver the best leisure to as many people as possible.

Under such circumstances, we have decided to proceed with the transition to a global content business enterprise under the "New Medium-Term Management Plan (FY2023-FY2025)" announced in May 2023. We recognize that sustainability and non-financial initiatives are essential to the ongoing provision of the best leisure to many people around the world. We are committed to promoting sustainability management in order to achieve sustainable growth and increase our corporate value.

"Sustainable Development Goals" set by United Nations (UN)

We believe that a society in which the United Nations aims to "end poverty in all its forms everywhere and leave no one behind" is one in which all people can live healthy, safe, and fulfilling lives. And we think there is the greatest leisure through various kinds of entertainment.

Toward that goal, we will achieve the United Nations "Sustainable Development Goals (SDGs)" and continue our business activities to provide the best leisure. Through these efforts, we will contribute to the development of a sustainable society.

Human capital initiatives

Our group aims to be a company in which each and every employee can achieve self-realization through work and company life with regard to human capital-related initiatives. We believe that working with enthusiasm and maximizing the capabilities of each employee will lead to our groupwide medium-to-long-term and corporate citizenship. Accordingly, we recruit and train personnel with the requisite skills and talent, and develop internal environments and systems that enable our diverse human resources to work with enthusiasm.

KAIJU STEP SDGs Daisakusen - a project for introducing "Sustainable Development Goals (SDGs)" to children

Tsuburaya Productions Co., Ltd. (hereinafter, "TPD") has collaborated with TOKYO SHOSEKI CO., LTD. and KIDS PROJECT Inc. to implement initiatives to introduce SDGs to children through the characters of a TV anime KAIJU STEP Wandabada.

Short animations about the "background of problems" and "things we can do" of SDGs 17 goals are published on YouTube and other media. In addition, we promote exhibitions and events where children can learn about SDGs through hands-on experience, creating picture books, on-site classes at elementary schools, and collaborations with a variety of companies working on SDGs.

In October 2024, we held the "KAIJU STEP SDGs Daisakusen Meal Service Week for Future," the third food education event, with Uokuni Food Services Co., Ltd., which is engaged in the school lunch services. This year, under the theme of "The first step becomes a big step," about 50,000 children spent a week learning about SDGs through anime and picture books while eating specially designed school lunches at kindergartens and nursery schools across Japan. Sweets using "Sesame" in fair trade and "Banana" certified by the Rainforest Alliance, and special meal menus such as "Rice oil" and "Tea leaf" menus that reduce food loss are offered, and children learned about SDGs enjoyably.

In addition, with the support of the Japan Expo 2025, we collaborated with the 2025 Osaka-Kansai Expo, which is aimed at contributing to the achievement of SDGs, and held a greeting event featuring official collaboration merchandise sales, the "Pigchan," character of the "KAIJU STEP SDGs Daisakusen," and the "MYAKU-MYAKU" official character of "Osaka-Kansai Expo".

Everyone in the hall had a great time building momentum to achieve SDGs.

Tsuburaya Productions and other collaborating companies hope to support the "taking of the first step" of children by creating content that will enable children to enjoy and understand "SDGs."

The Ultra Kids Project, an online event for children undergoing treatment for intractable diseases

On Tuesday, November 5, 2024, the ULTRAMAN FOUNDATION hosted the Ultra Kids Project, an online event for children undergoing treatment for intractable diseases in hospitals across Japan, holding the ultra hero show and more. This event was held for the first time in 2022, and this is the second such event.

In this event, we distributed the original ultra hero show to children of 39 hospitals and facilities nationwide, which continue to treat intractable diseases, from the National Center for Child Health and Development (NCCHD), located in Setagaya-ku, Tokyo.

The screenplay of this hero show is written by Yoichi Komori who is an author and manga creator, and one of the planners of this project as before. In addition, the Japan Coast Guard cooperated with the filming of this special new show for the children.

During the show, the children enthusiastically cheered on the ultra heroes.

After the show, there was also a live online exchange, such as ultraman gymnastics with ultra heroes, members of the special rescue team, and children.

Through this project, we aim to unite the hearts of the ultra heroes and children battling illness across Japan, and children together.

Consumer Trends Data

- P.4 1. Change in working hours
 - 2. Trends in household consumption

1. Change in working hours

The data is based on the Monthly Labour Survey by Ministry of Health, Labour and Welfare, updated every April

According to the *Monthly Labor Survey*, Japan's annual total actual working hours (business establishment with more than 30 people) in 2023 were 1,726 hours (100.5% YoY), marking the third consecutive year of increase.

Official working hours were 1,580 hours (100.5% YoY). In addition, overtime working hours were 146 hours (100.0% YoY). The number of working hours increased as a whole.

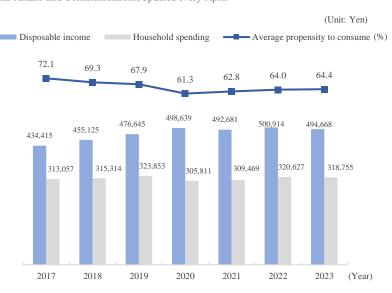

*The Ministry of Health, Labour and Welfare announced the survey had not been carried out accurately from 2004 to 2017. The figure of 2017 shows the recounted data.

2. Trends in household consumption

The data is based on the Family Income and Expenditure Survey (Family budget balance edition) by Statistics Bureau, Ministry of Internal Affairs and Communications, updated every April

According to the *Family Income and Expenditure Survey*, disposable income per household of more than two people for employees (monthly average) in 2023 was ¥494,668 (98.8% YoY). Household spending under the same condition was ¥318,755 (99.4% YoY).

Average propensity to consume (the household spending ratio to the disposable income) was 64.4% (up 0.4 points YoY).

^{*} The Statistics Bureau of the Ministry of Internal Affairs and Communications revised the household budget ledger used in the survey conducted in January 2018. Figures published by the Ministry of Internal Affairs and Communications are shown for various figures.

The data is based on the Current Survey of Selected Service Industries by Ministry of Economy, Trade and Industry (METI), updated every month

^{*} METI outsources the pachinko halls for survey to the Zennichiyuren, and the halls are selected from all over Japan.

37. PS average operation and gross profit

updated

[Pachislot machines]

Average gross profit per day (thousands of yen)/(machine) — Average operation per day (thousands of medals)/(machine)

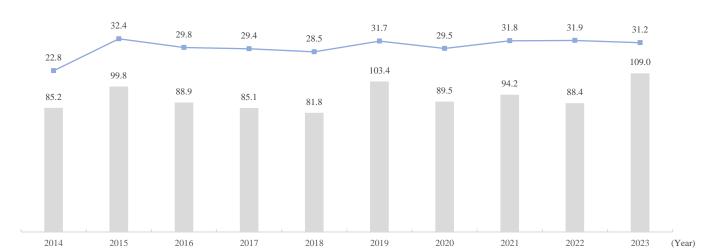

^{*} The figures have been revised by METI.

^{*} The figures of "Installed machines per hall" are rounded off the first decimal place, and those of "Net sales per hall" are rounded off the third decimal place.

The data is based on the White Paper on Leisure 2024 by Japan Productivity Center, updated every November

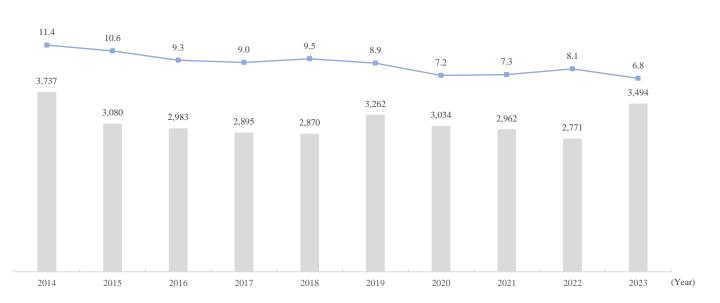

39. Participation rate and average expenditure per play in PS

updated

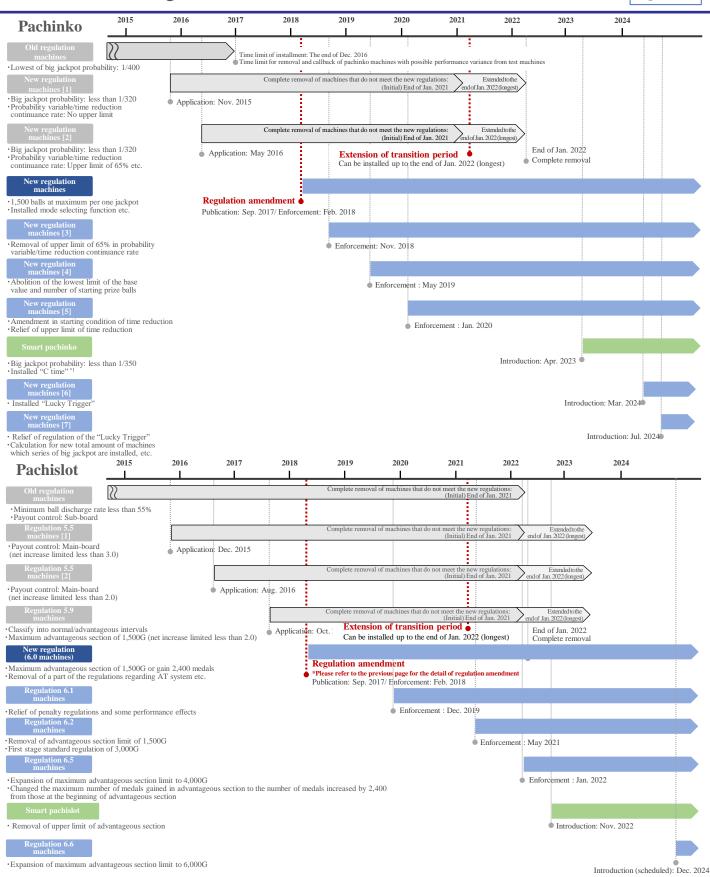

The data is based on the White Paper on Leisure 2024 by Japan Productivity Center, updated every November * "Average expenditure per play" is calculated from "Annual average number of activities" and "Annual average of expenditure"

Average expenditure per play (yen) ———Participation rate (%)

40. Trends in PS regulations

*1 C time: A function of lottery that is installed on Smart pachinko. The lottery occurs mainly when the situation of a higher chance of a win outcome ends
